MEETING TIMETABLE PROTOCOL

In response to a growing concern for time constraints the Administrative Committee has agreed upon the following meeting guidelines as a means of adhering to the Agenda Timetable:

1. When a presenter has one minute left in the time allotted the facilitator will raise a yellow pennant and indicate a verbal notice.
   a. Should *any* Neighborhood Representative wish to extend the time of the presentation or comment/question period they may *immediately* “Move to extend the time by (1) to (5) minutes”.
   b. An immediate call will be made for a show of hands in support of the extension of time. If a majority of 50% plus 1 is presented the time will be reset by the amount of time requested.
   c. Extensions will be limited to (2) two or until a request fails to show a majority approval. After (2) two extensions, 1) if a motion is on the table, the facilitator will call for a vote on the open motion to either a) approve or not approve, or b) to table the discussion; 2) if there is no motion on the table, a request may be made to either (1) reschedule presenter to a later meeting, or (2) ask presenter to stay and finish at the end of the agenda.
2. When the allotted time has expired, a red pennant and verbal notice will be issued.

Community Assembly Core Values and Purpose

CORE PURPOSE:
Provide a vehicle to empower neighborhood councils’ participation in government.

BHAG:
Become an equal partner in local government.
(This will be further expounded upon in the Vivid Description. What does this mean to you?)

CORE VALUES:
Common Good: Working towards mutual solutions based on diverse and unique perspectives.

Alignment: Bringing together the independent neighborhood councils to act collectively.

Initiative: Being proactive in taking timely, practical action.

Balance of Power: Being a transparent, representative body giving power to citizens' voices.

VIVID DESCRIPTION:
The Community Assembly fulfills its purpose, achieves its goals, and stays true to its core values by its members engaging each other and the community with honest communication and having transparent actions in all of its dealings. Community Assembly representatives are knowledgeable and committed to serving their neighborhood and their city as liaisons and leaders.

The Community Assembly initiates and is actively involved early and often in the conception, adoption and implementation of local policy changes and projects. The administration and elected officials bring ideas to the Community Assembly in the forming stages for vetting, input and participation. The Community Assembly is a valuable partner to these officials and neighborhoods in creating quality policy & legislation for the common good.

The Community Assembly stimulates participation in civic life among our residents. Citizens that run for political office will believe in the importance of partnering with the Community Assembly and neighborhood councils. Those candidates’ active participation and history with neighborhoods contributes to their success, enhancing successful partnerships between the Community Assembly and local government.

Minutes for the meeting of October 28th, 2014

Community Assembly Administrative Committee

November 7th CA Meeting Agenda:

City Council: Amber sent an email to the committee about Karen Stratton being interested in taking over as Neighborhoods Liaison from City Council. Admin committee response is favorable, especially since Amber is still on Council to help mentor/train Councilwoman Stratton. 10 minutes allowed for update, CA/CC meeting follow-up.

Admin Report: 5 minutes, Luke will recap CA/CC meeting and present Admin’s proposed 2015 meetings calendar for CA, Admin and CA/CC Meeting Dates. Luke will also check with Colleen about how many nominations have been received for recognition at our December meeting/party.

Elections: 10 minutes for Luke to present the slate of candidates for affirmation, and open the floor to nominations to fill the remaining positions. Rod will check meeting sign-in sheets to discover whether Melody Dunn and Seth Knutson have met the 6-meeting requirement yet.

ONS/Code: 20 minutes, Heather will give an update. If time, Heather will discuss the ONS printed calendar. Only 2 photos were submitted for the calendar this year, and the office is debating the merits of continuing to print a glossy photo calendar, when Google Calendar has been in-use so that it can be updated as necessary.

Retreat: 5 minutes for Tina to present the selected date for the January retreat, and date of the next Retreat committee meeting.

Building Stronger Neighborhoods: 5 minute request by E.J. Iannelli to update.

CHHS: 5 minutes, Fran will update the CA on the Board’s work.

Body Cameras: 20 minutes for Tim Schwering of SPD to present a discussion on the department’s new body cameras. This request was made in July and has been rescheduled/put off since then.

Short-Term Rentals: 20 minutes for Tara Zeigler of ONS to update the CA on Stakeholder Recommendations, as requested.

Other business discussed:

- Proposed 2015 meeting dates:
- CA Meetings 1/9 (moved due to New Year’s weekend), 2/6, 3/6, 4/3 (Good Friday), 5/1, 6/5, 7/10 (moved due to Independence Day weekend), 8/7, 9/11 (moved due to Labor Day weekend), 10/2, 11/6, 12/4.

- Admin Meetings held 10 days prior to CA Meetings.

- Admin requests that the Retreat Committee will propose a date for the 2015 Fall Retreat.

- CA/CC Meeting Agenda for 10/29/14:
  - 5 minutes: Introductions
  - 15 minutes: CA Issues & Topics. Colleen Gardner requested discussion on Crosswalk Ordinance.
  - 10 minutes: Wrap Up/Open Forum/Adjourn

- Next Admin meeting: Tuesday, November 25th.

Note from September Admin meeting minutes: the following discussion was not brought up at this meeting. This topic should be discussed at November Admin meeting.

- Admin Goals: Heather will email the committee 2014 goals so that committee members can come to the October meeting prepared for discussion on whether goals were completed, and to set goals for 2015.
Community Assembly

Policies & Procedures

Community Assembly Building Stronger Neighborhoods Committee
October 27, 2014 Meeting Summary

Voting Members Present: Joy Hart (East Central), E.J. Iannelli (Emerson-Garfield), Gene Klozar (Riverside), Seth Knutson (Cliff-Cannon)

Others Present: Aubreyanne McKenzie-Hazel (journalism student).

Staff Present: Jackie Caro

Meeting Summary: The September minutes were approved as submitted.

- **Recap of info booth at Chase Gallery (Oct 3):** The two volunteers, Teresa Kafentzis and Shelley O’Rourke, said they saw interest from four or five people during each of the two shifts. The artists themselves said this First Friday event was not as well attended as usual, but even with that in mind, the consensus seemed to be that this was not the ideal spot for neighborhood outreach.

- **Wordpress training session (Nov 6):** ONS has 12 people signed up for the Wordpress training workshop, which is an encouraging number of participants. The session will cover the recently updated Wordpress installation used for the city-hosted neighborhood websites. It should be noted that this "updated" Wordpress installation (v. 3.9.2) still lags behind the current stable Wordpress release (v. 4.0).

- **Community Assembly retreat:** The CA is holding its annual retreat in January. A report from the BSN committee will be necessary and ideally a BSN representative should attend the retreat to provide a status report.

- **Future meetings:** It was decided that the number of anticipated agenda items did not warrant meeting in November. All business will be conducted via e-mail. The committee also traditionally forgoes the December meeting. Therefore the committee will next meet in 2015.

Next meeting: January 26, 2015

Proposed Agenda Items: An update on the CA retreat will be sent via e-mail.
1) **Master Bike Plan Amendments:** Councilmember Snyder has proposed an Emergency Comprehensive Plan amendment to add bike paths and lanes beyond those included in the Link Spokane plan. The additional paths and lanes would be funded out of traffic calming and other neighborhood pedestrian and traffic management monies. Most, if not all, of the additional projects proposed could be considered under the ongoing review of Chapter Four of the Comprehensive Plan, a process with considerably more scope for public input than the Emergency Amendment process. *Since this proposal could change the allocation of funding for neighborhood traffic calming projects, the Community Assembly may wish to poll neighborhood councils on their preferences for funding additional bicycle infrastructure rather than pedestrian infrastructure or other traffic calming projects, and let the City Council know their views.*

2) **Blight Definition Follow-up:** After further consultation with HUD, the proposed ordinance defining blight conditions for specific sites has been found to be unnecessary and has been dropped from the Plan Commission agenda.

3) **Neighborhood Retail Parking Standards:** Council President Stuckart and Planning Staffer Black briefed the October 22 Plan Commission meeting on a proposal to relax parking space requirements for small-scale neighborhood retail establishments. The goal of the proposal is to encourage establishment of small, local retail businesses, reducing the travel distance to neighborhood services and making neighborhood retail more pedestrian/bicycle friendly. Three possible changes were discussed: 1) Dropping parking provision requirements for neighborhood retail establishments smaller than 3,000 square feet; 2) increasing reliance on Planning Director discretion in waiving parking provision requirements in neighborhood retail zones; and 3) adopting a smaller parking stall size in neighborhood retail zones. *If approved, this proposal could do a lot to revitalize smaller neighborhood retail zones, although there could be trade-offs in some neighborhoods between increased local retail services and on-street parking/traffic flow. The Community Assembly may wish to poll neighborhood councils and take a position on this proposal.*

4) **PC Transportation Subcommittee:** The Plan Commission is setting up a transportation subcommittee, made up of a few Commission members along with representatives from a wide range of active transportation stakeholder groups, to advise the Commission on the growing number of transportation issues coming before it. Commission member Tom Reese is leading this effort.

5) **Upcoming Issues:** The November 12 PC session will revisit the Hamilton form-based code project, the Unit Lot Subdivision proposal, a proposed Short-Term Rental ordinance, and get a briefing on Councilmember Waldref’s suggested revisions to Centers & Corridors sub-area analysis.

There were no scheduled DRB reviews since the last CA meeting.

The next review will be held Nov, 12th 5:30pm, City Hall lower level.

The review will be concerning Monroe/Lincoln 2nd Ave to 8th Avenue; reconstruction, 5th & 7th between will also be reconstructed. The green space known as Jefferson Park located between the middle I-90 East bound on-ramp at Monroe will be converted to a stormwater treatment facility. The Project is located in the Riverside/Cliff/Cannon neighborhoods.

Again I am available to any NC that would like information on this board and what their role is in the development process.

I did do a short power point to the CA and can provide that to any Neighborhood that would like to have it.

If you have any questions please let me know. If you are notified of a review that involves your NC and want any direction/input as to the DRB process, please feel free to contact me before the DRB meets.
2014 Traffic Calming Applications Report (summary)
Blaine Stum, Councilman John Snyder
- Talking about traffic calming projects as they come for red light dollars.
- Fagan, Mumm, Snyder wanted to use some of the funding from previous years to fund additional traffic calming projects that were not funded.
- The funding provided by photo red revenue and expenditures has increased because of the renewal of the ATS Contract.
- The traffic calming resolution was approved in April.
- There is some funding that is not accounted for.
- There a hawk light that will not be implemented until next spring and therefore the funding does not reflect this. 18th and Grand Ave.
- Some previous projects were not funded because staff felt that the traffic calming project could be improved another way or engineering found that the project would not be feasible thought Engineering has tried to resolve a project by finding other feasible options.
- Some previous projects were not approved because funding was divided between the three districts therefore funding was less and projects were not funded. In some cases there are not as many traffic calming applications submitted by specific districts and therefore project are not available to be approved.
- Traffic calming dollars are only being used for Neighborhood Traffic Calming projects that are submitted on behalf of a Neighborhood Council.
- The balance does not include commitments made from 2014 Traffic Calming Applications.
- Some projects have been very large (over $40k) but are still good projects that should be put forth there should be focus on those projects moving forward.

2014 Goals Report
Paul Kropp
- 2014 Goal 1 – is ongoing. Work harder to be involved with the Comprehensive Plan update with the assumption the goal 3 will be enforced in the plan.
- 2014 Goal 2 – not initiated for 2014 but will continue with this goal for 2015.
  - Suggestion is to work with the Safe Routes to Schools Program Coordinator to implement the goal. Cop shops may have helmets.
  - Nancy is working with local schools for 2015 Traffic Awareness and Pedestrian Safety Week Program. Sacred Heart is another possible partners
- 2014 Goal 3 – The goal is in suspension.
  - Suggestions: Enroll this goal into the Comprehensive Plan and funding sources are readily available to support this goal.
  - Change the wording from a policy perspective to a goal.
- 2014 Goal 4 – This goal is ongoing. There is a communication plan in place to address snow accumulation in Downtown.
No other formal recommendations happened in 2014 to further additional transportation objectives or goals. There was attendance for the State Transportation Plan.

- For 2015 Goals 1 & 3 will be kept.

**On-Street Parking Revision Subcommittee**

- Create a discrete list of needs that would be easier to be addressed. Paul and Bob Turner have met to discuss this list to decide on feasibility. There will be another meeting before the next PeTT meeting to discuss the items on the list.
- The reason for this is so that everyone has a clear understanding of why it is being done.
- Northwest and Cliff/Cannon have on-street parking issues, they are different issues between each neighborhood but none the less issues that need to be addressed.

**SRTC wants member on the TAC Committee**

- State and federal dollars go through the TAC Committee to fund projects.
